

Art Materials Suppliers List (a work in progress!)

Welcome to the list of suppliers of the materials I use to create my paintings. I am constantly evaluating my painting materials to ensure they are the best for my style and painting methods.

The list is provided solely as a service to artists who wish to find stockists of the materials I use. It is comprised of suppliers that we are sure stock the products shown. We have been in contact with many of them and in some cases they have specifically ordered in the product(s) for you.

The list is arranged by country (alphabetically). My aim is to make it as accurate and comprehensive as possible, but if you have additional information please let me know (susan@susanart.com). If any suppliers, wholesale or retail, big or small would like to be included on the list please let me know your contact details and the materials I use that you stock. Many thanks.
